SUMMARY

Well versed in Java, Javascript, Objective-C, PHP, Python, Ruby.

Developed for mobile and web platforms using a range of different frameworks.

Confident communicator & public speaker.

WORK

Data Acquisition Developer - Skyscanner Ltd. (Summer 2011)

Part of a team of 5 interns that increased airline coverage by 20%, writing web scrapers with Python and MSSQL.

Created a caching API for data acquisition team using Membase.

Loud Street Ltd. (2009-10)

Co-founder of **Bloop**, a social planner and event calendar. Eventually funded.

Worked to develop ideas as a sole engineer.

Expanded to bigger team, worked with an intern and another senior developer in building & shipping a product.

Streamwire - Total IT Solutions (2007)

IT services division of **Serviced Office Group**.

Worked alongside new IT director to manage inherited network infrastructure across multiple sites while providing front-line support to clients.

iFuse Technologies Ltd (2005 - 2007)

Operations director at small web hosting company while still in high school. Sold in 2009.

Oversaw sales & marketing, customer service and coordinated technical operations, serving 50+ clients over both shared & dedicated servers.

PROJECTS

Computing Society

President of the [University of Edinburgh Computing Society](#) (2009). Raised membership from 30 to 250+ students.

Cofounded the Student Techmeetup, a monthly event which still attracts 50+ attendees & industry speakers.

Received "Best New / Revamped Society" award from Edinburgh University Student Association.

Presentations

Orbited & the Real Time Web - Edinburgh Techmeetup (2009)

Introducing the Facebook API - Barcamp Scotland (2010)

Miscellaneous

Volunteer administrator for the [Tardis Project](#) (2008 - present) - a self-run UNIX computing service for students. Vetted, created & supported many new accounts, in part reviving the project.

Publicity Secretary for [Edinburgh University Skydiving Club](#) (2010 - present), putting 100 students on First Jump Courses this year.

Lol, I drew this dragon - A website about dragons which had 15 minutes of fame after being featured on College Humour (2009).
